Dear Jeremy:

Thank you for the tremendous job you did renovating our bathrooms (one of them ADA compliant) at the Shelter! We appreciate that you were willing to fulfill all aspects of the work from preparing a bid to the final touches within a span of a few weeks! This was super important to us as the project was grant funded and had a strict deadline for completion. You were very responsive to our concerns and forthcoming on the best options to meet the needs of our residents. You and your staff were professional during our interactions and you respected our need for safety and confidentiality.

In the end, our new floors and new bathroom colors look fantastic! The job was completed faster than anticipated without compromising the quality of the work. Our clients are delighted with the new look and functionality of the bathrooms and we are reassured to know that these rooms not only look great but are as safe and functional as possible for everyone who stays with us.

Sincerely,
